

XXVIII SUMMER COURSE IN HUERTA DEL REY CENTER VALLADOLID, SPAIN (July, 2-13th, 2018)

The “Huerta del Rey” Center presents the XXVIII International Summer Course for gifted children. During 12 days the students will have an experience full of knowledge, fun, effort and adventures.

Who can participate?

Boys and girls from 6 to 18 years old. For the children and teenagers that come for the first time, they must send a copy of the Diagnosis Report to the “Huerta del Rey” Center, where the student’s condition of gifted student is proved, by post and a phone number, and the address of the sender.

What do we do in the Summer Course?

The course offers classes in the mornings and afternoons. They will learn a lot of things: from robotics to orienteering, 3D printing, corporal expression, arts... There are also some activities outside like games, swimming pool and two trips. The parents have two Seminars inside the Parents School. Getting together with families who are going through giftedness is enriching. In the 12 days we compress all the activities that we do in the “Huerta del Rey” Center during the year. Children come to the Course to learn, work, think and create. But also to have fun and live together with other children with the same concerns and passions.

When is the Summer Course?

It is from the 2nd to the 13th of July. The classes are from 10 to 13 and 17 to 20 hours.

Where?

At the “Huerta del Rey” Center, Spain.

Why the Summer Course?

The “Huerta del Rey” Center, member of the European Talent Centre in Spain, is a Center specialized in the identification, follow-up, training and research, being authors of 23 books and psychopedagogical material for gifted students. The fact that we work, for 29 years in the different levels previously mentioned -and linked between them- allow us to have a wider view of the current situation of giftedness. Because of this, at the same time, we

get a better knowledge in order to optimize the development of the child or teen both from a cognitive and social-affective perspective.

The uniqueness of the “Huerta del Rey” Center and its working methods, made it a **Center of Resources** for parents, youth, professionals from Education, Psychology and other related sciences. Center of Research with Psychology Doctorates, Education Sciences and Medicine, with agreements with national and international Universities and several Ministries.

The Educational Psychology and Social Enrichment Model (EPSEM) is based in the study of the development differences in gifted students, in base of an identification and exhaustive evaluation that brings the knowledge of the characteristics of each individual in order to create an orientation and intervention regarding all kinds of factors: scholar, emotional, motivational, social and so on.

The Ampliation Courses are given by a Team of Psychologists, Pedagogues, teachers from all levels of Education from Primary Education to University and Specialists, counting with the collaboration of different Public and Private organism and recognized Professionals. It is planned in order to achieve the general and specific objectives already programmed and known by everyone, the EPSEM, having as main goal, for longer than two decades: *“It is not about making exceptional adults, but happy children”*.
